

Lonza

QA Specialist On The Floor (m/f/d)

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

This is an exciting new role created at BioAtrium to increase real time oversight and support for colleagues within operations. BioAtrium is a growing organization with new projects being introduced. BioAtrium is a Biologics Drug Substance state of the art facility.

Key responsibilities:

- Support operations colleagues in ensuring GMP compliant activities on the manufacturing floor
- Support in the review and approval of process-related Change Requests, Deviation, OOS Investigations, CAPAs and other related documents
- Support in ensuring contamination control and being involved in contamination investigations
- Ensure on the floor execution of validation and qualification protocols
- Perform visual inspections on equipment
- Escalation of any identified material defect or malfunction issues witnessed within the facility
- Performs and participates in GEMBA

Key requirements:

- Absolved technical apprenticeship is required, a degree in chemistry/biology/science or a related field is an advantage
- Professional experience and GMP knowledge within a GMP manufacturing facility is required, experience in a Biologics facility is an advantage.
- Additional experience in a GMP Quality department is an advantage
- Ability to use Microsoft office suite and eQMS (Trackwise, DMS and LIMs) experience
- English professional required, German fluency is an advantage
- **Being open for work in shifts between Monday and Friday 06:00 AM and 10:00 PM, as well as working on Saturdays**

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
