

## QA Conjugates Senior Team Leader

### Job Description Summary

Today Lonza is a global leader in life sciences. We are more than 15,000 employees in more than 100 locations around the world. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

In [Visp](#) we are looking for a Senior Team Leader QA Operations for QA Conjugates is responsible for the coordination, development and maintenance of the batch record review and support functions within the QA Operations team.

Key responsibilities:

- Team development, including employee evaluation, hiring and day to day management.
- Responsible for coordination of the QA Team
- Responsible for further development of internal procedures
- Responsible for establishing, revising and implementing GMP compliant procedures
- Provide support to Operations regarding all aspects of GMP

Key requirements:

- Degree (BSc, MSc, equivalent) in natural science (biology, chemistry or related subjects),
- Significant experience in GMP environment (operations, QC, QA), and preferably previous experience in a team lead role.
- Strong individual contributor and decision maker
- Must take initiative, be organized, be able to manage multiple priorities in a timely manner
- Provide exceptional internal customer service by developing excellent working relationships with project teams
- Responds independently to most issues but understands when escalation is required

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
