## Associate QA Manager

### Job Description Summary

**Randstad Inhouse Services** is looking for an Associate QA Manager (m/f/d) for Lonza AG (100%). This is a temporary position for **12 months**. Partial remote work from within Switzerland is possible, with presence on site according to business needs.

Today, Lonza is a global leader in life sciences operating across three continents. While Lonza works in science, there's no magic formula to how they do it. Their greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, they let their people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work Lonza wants to be part of.

The Associate QA manager reports to the QA Documentation & Disposition Team Leader, working in close collaboration with Operations functions in order to ensure the batch disposition process execution as appropriate.

#### Key responsibilities

- Actively supports the release package preparation for the final lot disposition (incl. TW queries execution, documentation collection, reports preparation, etc)
- Ensures a continuous liaison with Batch Record Review team and Operations to meet deadlines and ensure a timely batch disposition execution
- Writes and revises SOPs in his/her area of expertise.
- Collects and evaluates data from different stakeholders (e.g. Operations) to be reported as part of the QMS processes (e.g. Track & Trend, Quality Council).

#### Key requirements

- Experience as a lab assistant or administrative experience in a GxP environment (at least 5-6 months)
- Fluency in English
- German is an advantage
- Precise and well-organized working attitude

Every day, Lonza's products and services have a positive impact on millions of people. For Lonza, this is not only a great privilege, but also a great responsibility. How they achieve their business results is just as important as the achievements themselves. At Lonza, they respect and protect their people and their environment. Any success Lonza achieves is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, Lonza offers the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
