

EHS Senior Specialist Operations Biologics (m/f/d)

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

The EHS Senior Specialist Biologics is driving the successful implementation and optimization of Environmental, Occupational Health, and Safety (EHS) programs jointly with the assigned manufacturing & laboratory facilities.

The EHS Senior Specialist Biologics is the first contact person for all EHS aspects in operations and enables the business to produce in a safe and sustainable environment.

Become part of this exciting opportunity and apply now!

Key responsibilities:

- Acting as point of contact for EHS topics and supporting the allocated operational unit(s) in achieving compliance with EHS regulations
- Supporting the business in performing EHS risk assessments
- Performing EHS assessment and approval of technical change requests
- Participating in and providing subject matter expertise during Safety Gemba Walks, audits and other inspections
- Facilitating execution and documentation of EHS incident investigations
- Supporting the business with EHS CAPA definition and tracking
- Collaborating closely with the Safety Coaches from the allocated operational unit(s) as part of the implementation of EHS initiatives
- Conducting trainings on EHS topics as laid out in the overall site EHS training strategy
- Acting as representative of site EHS (EHS ambassador) for allocated investment projects

Key requirements:

- Master of Science in Pharmaceutical Technology, Chemistry, Engineering, Biotechnology, Molecular Biology, Microbiology or equivalent
- Significant working experience in chemical or biological manufacturing, ideally in a leading role
- Swiss safety specialist (EKAS or ASGS) or comparable EHS qualification
- In-depth knowledge of Swiss safety regulations
- Advanced experience in occupational safety in a scientific or technical environment
- Fluency in English and German

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
