

Global Data Mart (GDM) Support Specialist (f/m/d) (80-100%)

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

The Visp site is looking for a Global Data Mart (GDM) Support Specialist (f/m/d) (80-100%) for quality unit support team (QUS-GDM- Visp). The candidate will support and use Statistica Enterprise / GDM to statistically assess data from QC analytical testing for CPVs / PQRs. You will regularly align with the global data analytics team to stay on track for system or procedural updates.

Key responsibilities:

- Support of Statistica Enterprise (Global Data Mart -GDM) for QC analytical testing data
- Creation and customizing of control charts eg. for PQR and CPV reports
- Validating GDM objects and creating queries with SQL
- Assisting in the preparation of the necessary documents eg. design specification and validation documents
- Representing Visp site as GDM SME at global meetings
- Doing problem trouble shooting if needed

Key requirements:

- Bachelor Degree in chemistry, biochemistry or computer science or above
- Basic understanding of databases (structure and querying) and statistics (normal distribution, variance, box plot and graphical representation of data)
- Experience in the GMP environment or other regulated environment (such as ISO) and in handling of common software applications (MS Office)
- User and/or specialist knowledge of LIMS software would be of advantage
- Clear communication in English (written, oral) is essential, additional communication in German would be of advantage

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
