

Lonza

OpEx Quality Lead

Job Description Summary

Today Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

Become part of this exciting opportunity and join our team by applying for the position as OpEX Quality Lead (f/m/d) lbex®.

Key responsibilities:

- Lead & coach multi-disciplinary project teams to implement complex Quality projects of major site impact and scope (eg. Batch disposition)
- Work closely with different stakeholders and Head Quality OpEx to develop and implement the overall site strategy on LEAN, Quality process automation and Innovation in line with global OpEx Standards and given site targets
- Network with global functions and stakeholders on defined projects and tasks incl technology scouting and digitalization
- Update site and global internal stakeholders on targets, progress, status and KPIs as required (project, department and Q-Plan level)
- Deputy of the Head Quality Opex

Key requirements:

- PhD or Master Degree in chemistry, biotechnology, life science or related field
- Broad experience in the GMP regulated pharmaceutical industry in a Quality (QA/QC role) as well as sound years of experience in program management
- Strong leadership skills; very good communication skills and interaction with all kind of interfaces within the organization
- Structured, focused and well-organized working attitude; open-minded for new ideas and suggestions; agile, highly motivated and dynamic drive
- Excellent English and German skills, both written and spoken

Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
