

Postdoc Quality Project Manager Business Processes

Job Description Summary

Today Lonza is a global leader in life sciences. We are more than 15,000 employees in more than 100 locations around the world. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

In order to support our ambition in terms of Single Use Technology, we are looking for a Postdoc interested to join a cross functional team and drive the quality related topics at our site in [Visp](#). The contract is fixed for 2 years.

Key responsibilities:

- Be the voice of Quality in a cross functional team responsible for the enhancement of the Single Use Technology strategy at Lonza.
- Collaborate with internal partner functions to ensure that we are meeting technical, quality, and supply chain requirements and to ensure the delivery of robust materials that are suitable for clinical and commercial manufacturing.
- Responsible for the Compliance and Quality of the Single Use Technology program.
- Participate to the definition of global procedures and best practice related to Single Use Technology
- Ensure that decisions are fully supported by global and local Quality and Regulatory.
- Escalating issues in an open and timely manner and taking leadership for their resolution.

Key requirements:

- PhD and Degree in Chemical or Mechanical Engineering, Life Sciences, Materials Science or related discipline
- Familiarity with process equipment and GMP biomanufacturing environment and requirements is an advantage
- Ability to solve problems, understanding details and strategic picture, providing practical solutions. Strong analytical and investigative skills.
- Self-motivated individual with demonstrated ability to lead and support highly cross-functional teams.
- Strong organizational skills, ability to balance multiple priorities simultaneously.
- Fluent in English, German is an asset.

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
