

Process Expert Drug Product (m/f/d)

Job Description Summary

Today Lonza is a global leader in life sciences. We are more than 15,000 employees in more than 100 locations around the world. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

The site in Visp is growing and for [Ibex™ Solutions](#), our recently launched unique biological manufacturing and development concept in [Visp, Switzerland](#), we are currently looking for a Process Expert Drug Product. Become part of this exciting opportunity and apply now!

Key responsibilities:

- Responsible for the planning, the execution and documentation of manufacturing campaigns for Drug Product in compliance to cGMPs, SOPs and applicable guidelines
- Provide front line technical and procedural support, working with the manufacturing teams, plant engineers and QA operations
- Responsible to establish timely and with high quality the required production documentation or other relevant GMP documents for the assigned production area
- Lead process related investigations and critical deviations and assists in decision making on production issues
- Lead process changes, CAPAs, and CAPA effectiveness checks related to process within required timelines and through GMP systems (e.g. Trackwise, MES, training, etc.)

Key requirements:

- Bachelor/ Master Degree, preferred area of study: Pharmaceutical Technology, Chemistry, Pharmacy
- Fluent in English or in German, the knowledge of other languages is an asset.
- Familiarity with GMP requirements, quality procedures and SOP execution
- Good communication skills and interaction with a variety of interfaces within the organization and on the shopfloor
- Proven IT knowledge, knowledge in SAP and MES is a plus

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
