Program Manager Conjugates

Responsibilities:

Program Management is part of Pharma&Biotech Operations organization and as such plays a key role managing our Projects and Programs by best utilizing our technological expertise, existing assets and technical competences to flawlessly execute based on Customer agreements and expectations. The Ultimate Purpose of Program Management is to lead multi-disciplinary project teams in the successfully delivery of Customer requirements and programs. The PM is responsible for planning, monitoring and executing to the defined project scope, ensuring the cost, timing and quality objectives are met at the lowest risk to both Lonza and the client.

Requirements:

We are looking for a flexible and resilient personality with a qualification in chemistry or biotechnology. Ideally you will have practical industrial and GMP experience. Leadership and Coaching Skills are needed to manage the project teams in a matrix organisation. Fluency in German and productive skills in English both oral and written are essential.

Interested?

Are you interested to work in a refreshingly uncomplicated environment in a beautiful region? We look forward to meeting you and expect your online application at careers.lonza.com. For a first contact, Pascal Kuonen (Tel. +41 27 948 55 30) is at your disposal.

Company Profile:

Lonza is one of the world's leading suppliers to the pharmaceutical, healthcare and life science industries. Products and services span its

customers' needs from research to final product manufacture. It is the global leader in the production and support of chemical and biological active pharmaceutical ingredients. Lonza is also the world leader in microbial control providing innovative, chemistry-based and related solutions to destroy or to selectively inhibit the growth of harmful microorganisms. In addition, Lonza is a leader in cell-based research, endotoxin detection and cell therapy manufacturing. Furthermore, the company is a leading provider of value chemical and biotech ingredients to the nutrition and agro markets.

Lonza is headquartered in Basel, Switzerland and is listed on the SIX Swiss Exchange and secondary listed on the Singapore Exchange Securities Trading Limited ("SGX-ST"). In 2012, the company had sales of CHF 3.925 billion. Further information can be found at www.lonza.com.
