

## Project Manager QC Innovation Projects

### Job Description Summary

Today Lonza is a global leader in life sciences. We are more than 15,000 employees in more than 100 locations around the world. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

The Project Manager for QC innovation projects leads QC related innovation projects that support the site in [Visp, Switzerland](#), transformation process. In this Position the Project Manager identifies and plans major innovation projects and realizes them together with an assigned team.

#### **Key responsibilities:**

- seeks and develops ideas and transfers them into innovation projects
- coordinates all cross-functional activities and tasks to achieve the project goals
- ensure that all quality and regulatory aspects are considered

#### **Key requirements:**

- completed studies in engineering, computer science, natural sciences or comparable
- extended professional experience (incl. project management knowledge) and leadership experience
- reliability, self-discipline, well-organised and strong teamwork skills to achieve results in a multicultural and cross-functional environment
- very good German and English language skills

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
