

Lonza

QA Manager Business Process & Supplier Quality (f/m/d)

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

In order to support our business processes in the Global Quality department in charge of CAPEX projects investment, we are looking for a **QA Manager Business Process & Supplier Quality (f/m/d)**.

Key responsibilities:

- Coordinating business processes related to the strategic growth investment quality oversight at the intersection with finance and other departments
- Coordinating the global supplier qualification for CAPEX projects to ensure that suppliers are able to deliver consistent quality of materials, components, and services in compliance with regulatory requirements
- Leading from quality perspective the monthly project review and reporting process
- Continuously driving better business practice and increased value to the business through measurement and improvement of key performance indicators
- Being the voice of QA in cross functional teams and representing the Quality function at relevant meetings

Key requirements:

- Master Degree or PhD in Chemical or Mechanical Engineering, Life Sciences or a related discipline
- Strong project management and organizational skills, as well as ability to balance multiple priorities simultaneously
- Experience in leading and supporting highly cross-functional teams
- Familiarity with process equipment and GMP biomanufacturing environment and requirements is an advantage
- Ability to communicate quality and compliance requirements to varying levels and functions of the organization

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
