

## QA Manager (f/m/d)

### Job Description Summary

Today Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

Ibex® Solutions ([www.ibex.lonza.com](http://www.ibex.lonza.com)) is a modular build complex to develop and manufacture biological products. It enables companies to get access to a complete solution, gaining speed and achieving a simplified value chain. The Ibex® Complex is our contribution to the medicine of tomorrow and possibly the next step in your career? Start your career with Lonza today.

#### Key responsibilities:

- Responsible for review and approval of manufacturing recipes as well as for discrepancy records and change requests
- Supporting of the definition of preventive and corrective measures (CAPAs) and responsible for approvals of them to tracks their timely implementation and effectiveness
- Responsible for SOPs and project related documents; supports and approves quality risk analysis (e.g. FMEA)
- Writing and revision of SOPs
- Facilitation of discussions within internal cross-functional teams such as MSAT, Manufacturing and QC
- Supporting of cGMP training programs to ensure staff is trained as well as customer audits and regulatory inspections

#### Key requirements:

- Bachelor or Master in Chemistry, Biotechnology, Life Science or related working experiences
- At least 3 years of experience in the area of biopharmaceutical manufacturing and good cGMP knowledges
- Good communication skills as well as strong team orientation
- Structured, focused and well-organized working attitude; open-minded for new ideas and suggestions; agile and highly motivated
- Excellent knowledge of written and spoken English; good German skills advantageous

Every day Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
