

Lonza

QA Manager IBEX Conjugates (m/ w/ d)

Job Description Summary

Today Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

For Ibex® Solutions (www.ibex.lonza.com), our recently launched unique biological manufacturing and development concept in Visp, Switzerland, we have multiple openings. Become part of this exciting opportunity and join our team by applying for the position as QA Manager IBEX Conjugates (f/m/d).

Key responsibilities:

- Testing and ensuring compliance with Good Manufacturing Practice (GMP) in the production of biotechnologically manufactured active ingredients
- Supervision of contract manufacturing and advising our employees from the development, production and analysis departments on all GMP issues
- Independent checking of the release-relevant manufacturing documents for completeness and conformity, as well as processing change requests and examining deviations and OOS results as well as internal audits
- Support for our customers during their GMP audits with us close and high-quality customer contact

Key requirements:

- Bachelor/ Master Degree or PhD in chemistry, biotechnology, life science or related field
- Initial experience in industry, preferably in a GMP regulated biopharmaceutical production environment
- Ability to identify violations and gaps in quality standards
- Structured, precise and well-organized work attitude; open to new ideas and suggestions; agile, highly motivated and dynamic drive
- Due to our international clientele, written and spoken German and English are required, as well as intercultural awareness and strong communication skills

Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
