

QA Operation Readiness, Senior QA Specialist (f/m/d)

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

Currently we are looking for a QA Operation Readiness, Senior QA Specialist (f/m/d) to join our multinational QA Operations team in the Bioconjugates Business Unit at the Visp site. You will work closely with various quality and operational functions to ensure GMP-compliant manufacturing and documentation.

Key responsibilities:

- Manage the QA related activities in close contact with QC, Engineering, Manufacturing
- Ensure the quality oversight during commissioning/qualification of GMP-relevant facilities / equipment / systems (CAPEX Projects)
- Act as QA representative for all quality operations issues and communicate any risks or delays
- Responsible for project specific QA Operation work during commissioning/qualification in IBEX for timely and compliant GMP operation readiness transfer to QA operation
- Assess and manage tasks that would impact Quality operation during GMP manufacturing
- Support training to new team members and manufacturing
- Support the project-specific aspects during customer audits or regulatory inspections

Key requirements:

- Degree in Biology, Chemistry, Biotechnology, Life Science or other related field or experience in the field of pharmaceutical industry
- Significant experience in a role in Quality Assurance, Production or Engineering, in pharmaceutical industries and cGMP controlled environment
- Excellent knowledge of computer systems (e.g. TW, SAP, etc), quality tools such as risk based approaches – FMEA
- Fluent in English, German is a plus

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
