

Lonza

QA Specialist in Analytics (m/f/d) (80-100%)

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

As a member of the QA department in Visp you participate in the development, implementation and continuous improvement of procedures and systems ensuring adherence to cGMPs. Your work focuses on the analytical laboratories which support the manufacturing of APIs. You work closely with the analytical teams and Lonza customers. Your main work areas are the review and approval of the documentation related to analytical testing in the QC laboratories.

We are currently looking currently for a QA Specialist in Analytics for the expansion of our team here at our site in Visp.

Key responsibilities:

- Ensuring the continuous implementation of the regulatory requirements and Lonza global policies in the laboratories in Visp
- Reviewing and approval of SOPs, test methods, validation protocols / reports and transfer protocols / reports in QC
- Supporting the QC teams in laboratory OOX investigations to ensure GMP compliance
- Reviewing and approval of deviations and changes concerning analytics
- Participating in customer Audits and Inspections

Key requirements:

- Master of Science or equivalent education in a field like Biochemistry, Microbiology, Biology, Analytical Chemistry, Chemistry or Pharmaceuticals
- First experience in a GMP regulated environment would be an advantage
- Ideally first experience in a similar position (analytics for DS and / or DP)
- Ability to multi-task and to work towards deadlines
- Strong verbal and written communication skills in English language, good German skills advantageous

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
