

Lonza

Quality Operational Excellence Leader

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

At our site in [Visp](#) we are currently looking for a Quality Operational Excellence Leader who will become part of our Quality team. The Quality Operational Excellence Leader will drive operational excellence at its best and contribute as a strong leader and a strong voice within the company & represent Lonza accurately in front of our customers.

Key responsibilities:

- Establish a Quality CoE and PMO structure which takes a leading role in global improvement projects to standardize, simplify and digitalize of quality processes
- Actively lead changes to the organization for both people and technical aspects in close collaboration with Sites QA and QC leaders
- Increase efficiency and digitalization of QA processes in close collaboration Head digital transformation, global QMS and global IT
- Track Quality performance of Visp Site (Batch Success Rate, Deviations, OTIF, Release times, ...) and trigger necessary actions to achieve targets
- Direct and motivate multi-disciplinary project teams and hold team members accountable to deliver results within an agreed project governance structure to achieve the project goals

Key requirements:

- BSc/MSc in a scientific area
- English fluently & German on a good level
- Preferred GMP experience but not a must
- Green belt must & Black belt preferred
- PMP

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
