

Senior QA Specialist, Process Validation (f/m/d)

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

Key responsibilities:

- Support the validation specialists during the whole lifetime of the process validation to ensure compliance with Lonza procedures and regulatory guidance
- QA Review and approval of validation documents (risk assessments/ validation protocols and reports)
- Support Process Development teams during the process qualification/characterization phase. QA Review and approval of the qualification documents
- QA Review and approval of Continued Process Verification plans and reports, and PQRs
- Ensure the validation procedures are consistently implemented and further developed at Lonza Visp
- Participation in audits and inspections

Key Requirements:

- M. Sc. degree in a life science discipline
- First experience working in the pharmaceutical industry; within a Quality Unit
- Ideally, you have gathered your first experience in a similar position
- Fluency in English (written and spoken) required, fluency in German preferred
- Excellent interpersonal and communication skills (oral and written)

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
