- Collaborate with the SGIE Leads and Information Technology (IT) to ensure that the data is easily accessible and tools and systems are reliable.

Key requirements:

- MSc, Diploma or PhD in Business Administrator, Science, Project management or similar
- Experience in project management will be an advantage
- English and German on a high level, written and spoken is mandatory
- Good communication and organization skills
- proactive thinking

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
