## Team Lead (f/m/d) (80 -100%) QUS-iLAB

### Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

The Visp site is looking for a Team Lead (f/m/d) (80 -100%) for quality unit support team (QUS-iLAB-Visp). As team lead of this group, you will be responsible for providing operational support for individual computerized QC system (iLAB) together with the team. This role includes application support, system administration as well as ensuring GMP compliance of the system. You will closely interact with different departments (QC, QA, IT, OT).

#### Key responsibilities:

- Site system administrator role, including user management
- Assignment, prioritization and planning of team's tasks in line with available resources
- Being responsible for the training and personal development of the team
- Ensuring data integrity (DI) policies adherence under cGMP environment
- Supporting with iLAB-related DRs / CAPAs / CRs / INVs
- Monitoring and management of life cycle of SOPs and validation documentation
- Supporting during external audits and inspections

#### Key requirements:

- Bachelor, or Master of Science or equivalent in the fields such as Chemistry, Biochemistry, Applied Informatics, Computer Science, Bio-/Chemo-Informatics
- Experience in the GMP or GLP environment and Quality Control and IT is required
- Proven experience as Team Lead would be an advantage
- Very good knowledge of iLAB (Perkin Elmer) would be an advantage
- Ability to effectively influence and to implement changes, being flexible and adaptable to meet business needs and meeting timeliness in completing assigned tasks
- Very good English and German communication skills (verbal and written)

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
