

## Team Leader Quality System

### Job Description Summary

Today Lonza is a global leader in life sciences. We are more than 15,000 employees in more than 100 locations around the world. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

As part of the Quality Systems and Services department, the team leader of QA for QC is responsible for the team of QA Specialists and expert in analytics. Interacts closely with QC, project team as well as with the global Quality functions at our site in [Visp](#).

Key responsibilities:

- Ensure the qualification of the team members to perform their duties, distribute and coordinate the work within the team.
- Leading, developing and coaching the team
- Allocation, co-ordination and prioritization of work within the teams
- Approve the test methods, method transfer protocols/reports, method validation protocols/reports, OOX investigations, deviation, changes and risk assessments according to Lonza procedure and in compliance with regulatory guidance
- Participate in audits and Inspections

Key requirements:

- Ph.D., MS or equivalent in a field like Analytical Chemistry, Chemistry, Biochemistry, Biology, pharmaceuticals.
- Vast experience in regulated pharmaceutical industry in quality assurance and/or quality control
- In-depth understanding of quality control and analytical development.
- Proven leadership skills and effective use of hard and soft skills in all aspects of management including conflict resolution, team building, decision making etc.
- Strong verbal and written communication skills (English and German)

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
