

Lonza

Team Leader QUS LIMS (f/m/d) (80 -100%)

Job Description Summary

Today, Lonza is a global leader in life sciences operating across three continents. While we work in science, there's no magic formula to how we do it. Our greatest scientific solution is talented people working together, devising ideas that help businesses to help people. In exchange, we let our people own their careers. Their ideas, big and small, genuinely improve the world. And that's the kind of work we want to be part of.

The Visp site is looking for a Team Leader (f/m/d) (80 -100%) for quality unit support team (QUS-LIMS-Visp). As team leader of this group, you will be responsible for providing operational support for LIMS together with the team. This role includes application support and system administration. You will closely interact with different departments (QC, logistic, QA, IT, OT).

Key responsibilities:

- Leading of the LIMS team and ensuring smooth operation of daily tasks through the team
- Ensuring correct administration and maintenance of the LIMS system
- Supporting during external audits and inspections
- Ensuring correct resource planning, daily planning of the activities, daily planning of tasks for support and troubleshooting
- Being responsible for the training and personal development of the team

Key requirements:

- Bachelor, or Master of Science or equivalent in the fields like Chemistry, Biochemistry, Applied Informatics, Computer Science, Bio-/Chemo-Informatics
- Proven experience as Team Leader would be an advantage
- Experience in the GMP environment as well as in quality control and / or IT is an advantage
- Very good knowledge of LIMS (Thermo Fisher) is a requirement
- Able to effectively influence and to implement changes, being flexible and adaptable to meet business needs and meeting timeliness in completing assigned tasks
- Very good German communication skills (verbal and written) and English skills as an advantage

Every day, Lonza's products and services have a positive impact on millions of people. For us, this is not only a great privilege, but also a great responsibility. How we achieve our business results is just as important as the achievements themselves. At Lonza, we respect and protect our people and our environment. Any success we achieve is no success at all if not achieved ethically.

People come to Lonza for the challenge and creativity of solving complex problems and developing new ideas in life sciences. In return, we offer the satisfaction that comes with improving lives all around the world. The satisfaction that comes with making a meaningful difference.
