Oryctérope Transalpin Sàrl

a TransMarket Group Company

Rue du Léman 18A
1920 Martigny Switzerland

www.ortr.ch

Join the Swiss affiliate of a first-tier international algorithmic trading group in the heart of Valais.

With its affiliates having their origins and head office in Chicago, the world center of exchange-based derivative trading, Oryctérope Transalpin Sàrl is the European servicing hub of the TransMarket Group of Companies, leading global Proprietary Trading firms. Our international team is looking for recent graduates with excellent quantitative skills and a passion for financial markets.

Joining our young office, you will learn constantly and use your growing expertise to innovate in a friendly, "work hard / play hard" culture. As part of a dynamic team, you'll have the opportunity to build a long-term finance career right here in Valais.

Key Responsibilities:
- Work with teammates to assist and learn all facets of automated trading
- Develop expertise in market microstructure, tick data, and automated trading systems
- Build and maintain trading quantitative model tools and analytics
- Develop, code, maintain and support production quality automated trading strategies

Preferred Skills or Experience:
- Strong work ethic and willingness to do what it takes to get the job done
- Passion for math and software applied to markets and trading
- Strong understanding of computing, math, probability, statistics, interest, understanding or passion for finance is a plus
- Programming proficiency and experience (C++, C#, Python, R). Linux scripting a plus
- Pursuing BS, MS, or PhD in a technical field

This opportunity offers the chance to join an ambitious team in expanding the TransMarket Group of Companies' presence in global markets, and to be part of growing the entrepreneurial servicing business here in Martigny. If you think you have what it takes, please get in touch.
