

**JOIN A KEY SWISS PLAYER!** Based in Switzerland, Univerre is a company of 38 years of excellence. As a market leader in the design, decoration, distribution and washing of glass packaging, Univerre is proud to be a partner of choice for the major Swiss brands in the food and beverage industry, and has a clear focus on the international market and industry 4.0. **Glass is the material of the future, and we will do everything to contribute to its success!**

To strengthen our position, our IT team is expanding! We are looking for a motivated, dynamic and easy-going personality for our HQ in Sierre. In this exciting role, you will work on Univerre's IT security, thanks to your expertise in information security management.

## Security Manager

### Your Mission

- Ensure the security of the company's systems and protect its assets, by implementing new security strategies, control, monitoring and continuous evaluation. Also, detect, respond and resolve incidents.
- Track activity, new trends in cyber threats, and take preventive actions. Define and implement cybersecurity indicators, propose corrective actions.
- Participate in the research, testing, and integration of new solutions.
- Within the team, participate in the training and support of internal users on tools, procedures and cybersecurity
- Establish and maintain technical documentation.
- Keep up with technology through continuing education, professional associations, networking, and coordination of regular software and hardware evaluations.

### Your professional profile

- CFC, Bachelor's degree in computer science, information systems or equivalent field.
- Experience in a position related to information systems, security (incident management plans, vulnerability analyses). Advanced knowledge of security information and event management (SIEM).
- Technically, you are familiar with: firewalls (Fortinet solutions) and security mechanisms; networks, VLANs, operating systems Windows 2k8-2022, macOS, iOS, Android, Linux, Windows 10. Cloud environments Google Workspace and Cloud Platform, Microsoft Azure. Virtualization VMWare 7, Hyper-V, Proxmox. Remote desktop services environments, and various hosting solutions (Microsoft IIS, Linux Apache / Nginx / Tomcat)

### What else sets you apart

- Native speaker of English or French, you can communicate in the other language
- Rigorous and reactive, you have a remarkable analytical and synthesis mind.
- Autodidact with a pedagogical approach, you have a sense of intrapreneurship and are looking to expand your skills by taking on a key, multi-role, high quality position.

### We offer

- Strong and dynamic corporate culture
- A solid team with a great team spirit
- Modern working atmosphere and perspectives
- Environment that promotes initiative
- Continuous training and permanent skills enrichment
- Good social benefits and an excellent work environment.

**All good ?** If this sounds like a plan to develop your career in an extraordinary way with us, it happens here: [www.univerre.ch/jobs](http://www.univerre.ch/jobs).

See you soon ! *Univerre Team*
